

HOME HAPPENINGS

Council meeting next Monday night.

Leo Fossnacht purchased a Ford touring car of the local agent, R. D. Fowler.

The sweet cherry season is nearing its end, but the sour varieties will be in market for a week or two.

The Dodgers baseball team last Sunday won its fifth game of the season from Greenford, the score being 13 to 4.

Road improvement is the order in this locality and it is difficult to go far in any direction without making detours.

Strawberries are retelling this week around 22 cents a quart. It is expected that the season will last well into next week.

The Fourth of July, falling on Sunday, the holiday will be observed the following Monday, when business generally will be suspended.

Next Monday being a holiday the local postoffice will be closed except for the receipt and dispatch of mails. There will be no rural carrier service.

The Canfield baseball team will play two games next Monday afternoon on the home grounds, one with business men and the other with the Calla team. The first game will be called at 1 o'clock.

At a meeting of the board of directors of the Citizens Co-operative Co. on Wednesday night the matter of making quite a number of improvements in the store building was considered and definite action may be taken shortly.

The building on East Main street for many years used by the late M. Swank and Kimerie Bros. as a carriage paint shop, is being torn down. When the structure was erected the carriage building industry was among the most important in the village.

Roy J. Neff has sold his farm of 73 acres which fronts on Mygatt and Clay streets to Frank Drunton of Rock Creek, Ashtabula county, who takes possession September 1, but will soon move here and occupy the large garage on farm until Mr. Neff vacates the residence.

In recognition of the men whose names are on our service flag, the M. E. Church is going to dedicate an honor roll, Sunday evening, July 9, at 8 o'clock. The speaker on this occasion will be Congressman John G. Cooper. A most cordial invitation is extended to everyone.

The Dispatch subscription list is now on a strictly cash-in-advance basis. Unless subscriptions are paid at expiration of time paid for the paper will be promptly discontinued. We trust that persons whose names have been dropped from the mailing list in conformity to notice given will promptly renew.

A regular meeting of the directors of The Farmers Savings & Loan Co. was held on Saturday, nothing beyond routine business being transacted. An adjourned meeting of the directors of The Farmers National Bank was held immediately following at which the semi-annual dividend of 3 1/2% was authorized.

Some idea of the delay farmers have experienced in getting crops started on account of unfavorable weather conditions may be gained from the statement of C. R. Wetmore of this township, Tuesday morning. He had ground prepared and potatoes cut for planting two weeks before when rain came and work halted. So it has been until this week when conditions for planting are favorable.

Putting on the work in a very creditable manner, Dublin grange degree team, of Canfield, composed of young people, initiated 12 candidates in the third and fourth degrees at a special session of Perry grange, Wednesday evening at the hall, on the Franklin road. Perry grange members were much pleased with the work. Visitors were present from Midway and Canfield and the company numbered 90. Refreshments were served. In two weeks the grange will observe children's night.—Salem News

Canfield's Chautauqua which opened last Friday afternoon and closed on Tuesday night was most successful and satisfactory. The Col-Alber Co., which has put on Chautauquas here for six years, provided a program of lectures and musical numbers that delighted the large audiences present every afternoon and evening. The Junior Chautauqua excited unusual interest. From a financial standpoint the Chautauqua was a success, there being a balance in the treasury after all expenses are paid of more than \$50. It was decided to have a Chautauqua next year, the required number of guarantors and pledges or season tickets being secured. The cost of the entertainments next year will be \$100 more than this year.

While Mr. and Mrs. S. B. Parrish were motoring to Berlin Center Tuesday forenoon they fell in behind a truck the driver of which gave them no opportunity to pass. When near the Presbyterian church in Ellsworth, Mr. Parrish turned out to go around the truck and in doing so his Ford touring car was struck, overturned and pushed ahead of the truck some distance. Both occupants were underneath the car, but Mr. Parrish got out without assistance. His wife was held fast until help came to right the car. The flesh on the back of Mr. Parrish's left hand was turned back for several inches, laying bare the bone, his right hand cut and bruised and his face cut and scratched. Mrs. Parrish received a long cut on the top of the head in which was buried several of her false teeth and part of the plate. She was badly bruised and cut about the face and both eyes blackened. Both victims of the accident are confined to their beds but are recovering nicely. The top and wind shield of the automobile were completely wrecked, but otherwise the machine was not badly damaged.

Miss Mary Edwards of Los Angeles, Cal., will arrive here on Saturday to spend the summer with her mother, Mrs. Nettie Edwards.

FOURTH OF JULY NOTICE

At this season of the year it becomes perhaps necessary to remind not a few of the citizens of our village that, according to Section 1 of an ordinance passed in council April 6, 1914, "the discharge, firing or use of all fireworks, rockets, torpedoes, Roman candles, gun-powder, dynamite, nitroglycerine and other explosive mixtures or other fireworks or substance designed and intended for pyrotechnic display, and of all pistols, canes, cannons or other appliances using blank cartridges or caps containing chlorate of potash mixture, is prohibited," except in case where the mayor or council order the public display of fireworks by properly qualified individuals under the direct supervision of experts in the handling of fireworks. Violation of the aforesaid section is punishable by a fine not exceeding ten dollars. The sale of fireworks at retail is also constituted a misdemeanor subject to fine not exceeding twenty-five dollars. It must be evident therefore that children, least of all, are competent to handle fireworks except of the guaranteed harmless variety. The purpose of the safe and sane Fourth of July ordinance is beyond question. If, however, there shall be several parents who shall express to me a desire to relieve the disappointment of their children as well as to add to the pleasures of other children likely to be less favored in enjoying the holiday, by providing fireworks for the observance of Independence Day in the customary manner, I shall be glad to appoint and authorize an expert as afore mentioned to discharge from the Central Park on the evening of July 5th all fireworks (noise-making variety excluded), which such parents or other interested parties may furnish at that time and place.

JAMES E. JONES, Mayor.

BERLIN ROBBERIES MULTIPLY

Holdups and Plain Theft Vastly Increased; Churches Are Not Immune.

Berlin, Germany.—In these disturbed days, when the "revolution" flatters its wealth in the face of an impoverished populace, robberies and burglaries in Berlin increase at an abnormal pace. Street signs are full of announcements offering rewards for the return of stolen goods. In one of the main streets a fancy goods store displays this notice:

"Gentlemen burglars are requested not to break open the shop front nor to rumper with the tools. There is nothing to steal here. All property is removed from the shop windows at night."

There have been scores of holdups and the other day a man was stripped of his suit, shoes and hat and left on the sidewalk in his underclothes. It is not safe for hotel guests to leave any portable property of any description in their rooms.

Cases of housebreaking have quadrupled within the last three years. Nor are churches, cemeteries and museums immune from robberies, the booty carried off being mostly ancient gold ornaments and jewelry.

Your Child's Eyesight

You are responsible for the sight of your child. Watch out for frowns, for squints, and when they read or look at picture books do they hold it too near or too far? These little things grow faster than the child, and in many cases can be overcome if discovered in time.

I Especially Insist on You Bringing the Children In.

Defects of vision never disappear of their own accord and in most cases they grow worse. It's a duty you owe your child, and I can prove by the test if I can fit them, which is free, and you don't have to help pay for some worthless instruments in the testing room.

I don't want your money if I can't fit you. Come in.

BUY IN CANFIELD

You Will Save Good Money

Of late there has been a great deal of talk about the reduction of prices, and some large stores in the larger cities have been selling goods at so-called greatly reduced prices. As an intelligent observer and reader you understand that these reductions have been made in most cases where the margin of profit has been too large in the first place.

We have been marking our goods very closely right along, and, therefore, could not make similar reductions.

However, we assure you that the close prices we are now quoting are far below some of these so-called reduced prices, and you save money in buying here.

We still have a few good Business Suits at \$18, \$20, \$25 to \$28.

Fine Dress Suits in plain or mixed at \$28, \$30, \$35 to \$42.

We offer the best, made by the Clothcraft House, at from \$42 to \$48. These suits compare well with the so-called \$65 to \$75 suits advertised by some stores—even at their reduced prices you still save a good sum by buying here. And so with other lines—Shirts, Ties, Underwear, Collars, etc. Linen Collars have been advertised by some at reduced prices from 30c to 25c when our price for exactly the same collar has never been over 25c. They sold them too high or their reduction was of the so-called kind. The result was visible in Canfield. Why, we sold more than twice the number of collars, shirts, ties and more clothing than any other year. And if you have not found this out yet, come in and you'll soon be convinced that we have the goods and the low prices.
